## Cardiology Out-Patient Chest Pain Referral

Where ACS excluded and discharge deemed appropriate please complete HEART score, enter Troponins and circle risk factors/referral path. Please add additional information as required.	Patient Name:	
	URN:	
Please send along with copies of ECG's to: Cardiology Secretaries, 2 <sup>nd</sup> Floor Peter Crill House (Fax 442266)	DOB:	

HEART score for patients without ACS (available in Heart Pathway App)

				· · · · · · · · · · · · · · · · · · ·
History Highly sus		pain)	2	
Moderat	rately suspicious (Atypical pain)		1	
Slightly suspicious (Non-ischaemic pain)		0		
Significar	cant ST-deviation		2	
Non-specific repolarisation disturbance/LBBB/Paced		1		
Normal	Normal		0	
≥ 65 year	ars		2	
45-65 yea	/ears		1	
≤ 45 year	'S		0	
rs $\geq$ 3 risk factors <u>or history of vascular disease</u>		2		
1 or 2 ris	k factors		1	
No know	n risk factors		0	
			Total Score	
	Troponin @ 0hr			ng/L
	Troponin @ 1 hr			ng/L
actors	Hypercholesterolaemia	a Smoking	Family History	CKD
	Diabetes Mellitus	Hypertension	Obesity (BMI >30)
